- ALL EPDs listed have been genomically enhanced
- ALL SIREs have been DNA verified.
- Bulls tested for Homo Polled have results (in parenthesis).
Not all bulls tested for Homo Polled.

We are pleased to host this **VIDEO SALE** at our **RANCH HEADQUARTERS**

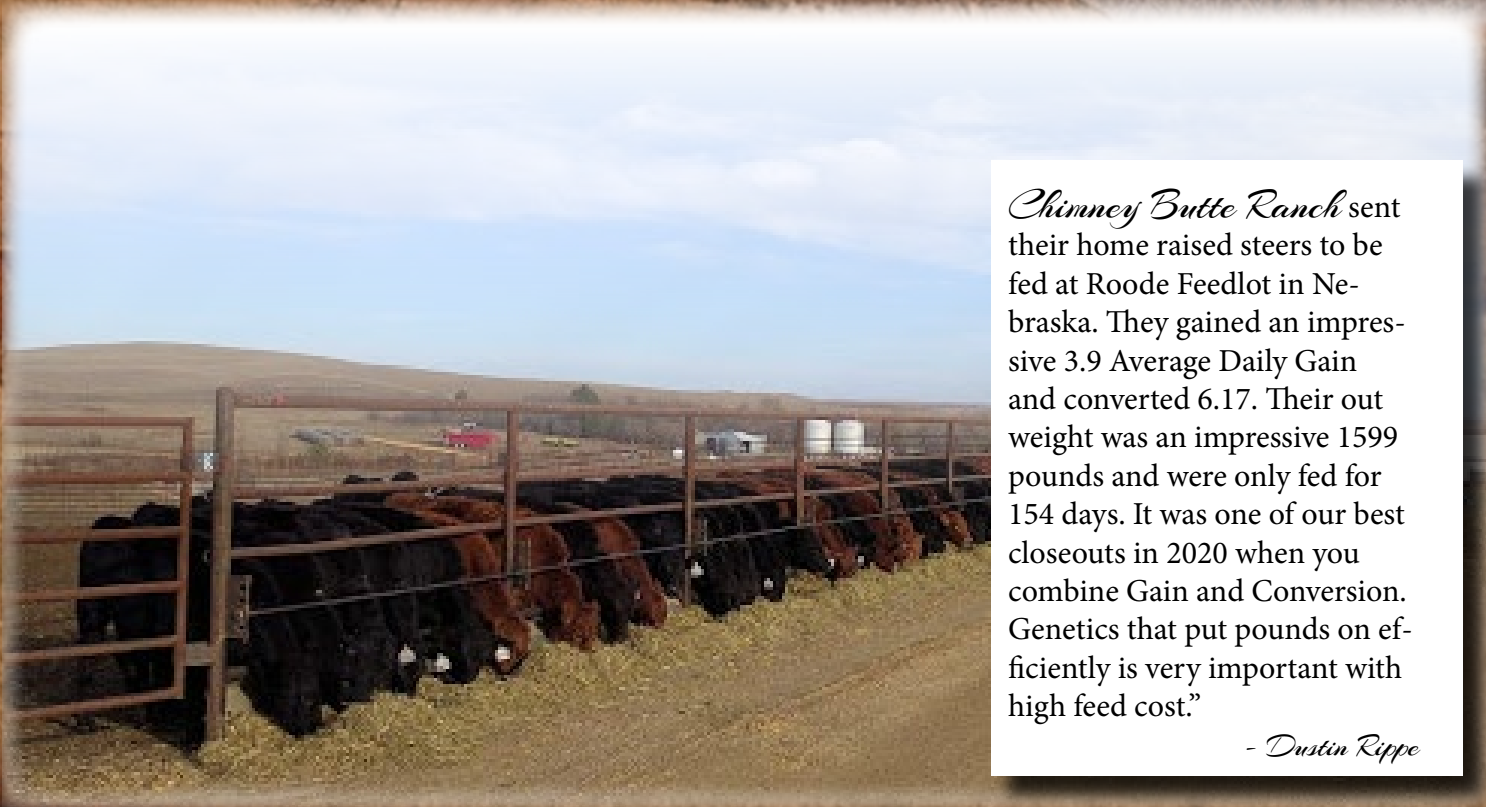

CHIMNEY BUTTE RANCH

3320 51st Street
Mandan, ND 58554

RETURN SERVICE REQUESTED.

Postmaster: Time Dated material.
Please deliver immediately.

Chimney Butte Ranch sent their home raised steers to be fed at Roode Feedlot in Nebraska. They gained an impressive 3.9 Average Daily Gain and converted 6.17. Their out weight was an impressive 1599 pounds and were only fed for 154 days. It was one of our best closeouts in 2020 when you combine Gain and Conversion. Genetics that put pounds on efficiently is very important with high feed cost.”

- *Dustin Rippe*
