**SATURDAY, OCTOBER 30, 2021**

**1:00 PM CST || Chimney Butte Ranch Sale Facility || Mandan, North Dakota**

**Quality Gelbvieh Seedstock**

***51 Gelbvieh and Balancer® Bred Heifers Sell***

# *Welcome to the sale...*

"ALL DAYS ARE GOOD DAYS, SOME ARE JUST BETTER THAN OTHERS" This little quote really sums up this last year. To say the least, Mother Nature has given us many challenges this year. Good news, we did not push much snow last winter, and the snow blower collected some rust. Unfortunately, the rain we received for the growing season was very limited also. Bismarck, our closest official weather station, recorded 5.5 inches of moisture Jan thru late August. We had 50 days over 90 degrees during the summer, a record, and Bismarck reported more days over 100 degrees than Dallas, Texas. Running more water line, setting more water tanks and checking water supplies daily was the norm. In the state of North Dakota crops have been poor, and hay supplies are tight. Predictions are 25 to 35% of breeding age females will leave the state due to adverse weather this year. Our Gelbvieh cattle have taken this adversity extremely well. Overall, we had less than 5% opens on this group of heifers with less than a 60 day natural breeding cycle. The heifers were challenged and don't carry the body condition of most years, but they look good, and they are ready to adjust to better conditions. Our animals are not pets, they run in large pastures with little human interaction. We do not tolerate attitudes or dispositions that are not safe to work around. We reserve the right to cull up to sale time. Most of our customers appreciate the lack of attitude in our cattle. I was told many years ago, by an elderly rancher "EVERY YEAR THE CATTLE GET FASTER AND THE CORRALS GET HIGHER". The attitude of Gelbvieh cattle has always been one of their most undervalued and important traits. We intend to keep that trait in our herd. We believe in and practice "THE PROCESS OF CONTINUOUS IMPROVEMENT. We have worked hard to create a reputation for honest hard working females that will adapt to most environments.

All but one animal in this offering has more than 2 generations of females working for us behind them. We have held no A-I pregnant heifer back from the sale. We have raised Gelbvieh cattle for nearly 30 years and have developed a herd with genetics that work for us. All heifers were A-I bred June1 and June2. Pregnancy ultrasound by Mandan Veterinary Clinic was Aug 11. Ultrasound included fetal sex and aging. Heifers received Preg-Guard before breeding, and have free choice salt and mineral at all times. All heifers have been DNA tested thru the American Gelbvieh Association. All performance and EPD data is generated by the AGA.

Our sale will be at the Ranch again this year. We are located 22 miles SW of Mandan, ND. Street address is 3320 51st street, Mandan, ND 58554. A map is on line and in the catalogue. Please refer to the map, as some GPS routes are very interesting. To help in your selection, we have a tool chest of tools for you to use. These include, performance data, pedigrees, genomic information, videos, pictures, spreadsheet, on line info and most certainly, direct communications with us, text, phone, or email. Please take time to review this offering and let us know how we can help. DV Auction, phone bidding, and third party bidders will be available for those who cannot make it in person to the sale. We will work very hard to make your purchase a very satisfying experience. YOUR COMPLETE SATISFACTION IS IMPORTANT TO US.

As we close this very difficult, hot, dry period of time, we are thankful for the recent rains, we need to say THANK YOU in a big way. Thanks to all who called, emailed, or texted your concern for us. You cannot possibly imagine how humbling it is to have someone hundreds of miles away from us reach out and express their concern. Cattle people are special, they really know how to share success and when to support others in trying times. Again, THANK YOU for all your calls, thoughts, and prayers. We truly appreciated the support. We will try to pay it forward in the future.

GOD BLESS  
Doug, Carol and family
